

## AUTOMATIC TUNE-UP AGREEMENT & GUARANTEE

Your premium oil heating system tune-up consists of the following:

- Installing new oil filter cartridge, burner nozzle and oil pump strainer
- Cleaning/checking and adjusting electrodes and nozzle assembly
- Oiling all motors on burner, fans and circulators
- Safety checking all operational controls
- Inspecting combustion chamber
- Vacuuming interior of boiler or furnace, flue pipe and chimney base
- Adjusting system to maximum efficiency & performing combustion efficiency test
- TankSure ultrasonic tank test & visual tank inspection on aboveground oil tanks ONLY

Our expert heating system tune-up is guaranteed for 30 days. We are not responsible for mechanical issues arising from parts or controls that were recommended to be changed at the time of your tune-up and will be billed at prevailing rates. We are not responsible for frozen oil lines if fuel treatment was recommended and denied by the customer.

This tune-up guarantee does not cover labor or materials to repair damage to the heating system because of a customer's neglect, including, but not limited to failure to have sufficient fuel oil in the tank, insufficient water in the boiler, blown fuses or other failure of electrical system, improper thermostat settings or faulty thermostat, having heating system switches in the "OFF" position, debris build up in the air or venting systems and other causes related to the improper operation or maintenance of the heating system by the customer. Not responsible for Acts of God, failure or interruption of customers electricity, inaccessibility of the heating system or fuel tank, fuel flow problems, fire, flooding or freezing.

Your expert heating system tune-up is no charge if you remain an Automatic, Budget or Julian customer for one full year. A no charge annual tune-up does not include an oil fired hot water heater and qualifies 1 furnace or boiler, per account, per year. No charge tune up will be provided for eligible maintained systems only at technician's discretion. If you decide to cancel Automatic, Budget or Julian services prior to a 1 year expiration, you will be billed the prevailing rate for a tune-up at the time it was performed. Only filter, nozzle and strainer included with tune-up, all other parts, controls and services are standard retail price and are billed at prevailing rates for labor.
