

The D'Amato Family

Premium Heating Oil | Propane | Diesel | Pellets | Heating | Cooling

IMPORTANT INFORMATION **ONLY PREMIUM HEATING OIL**

All heating oil is not equal. Our heating oil is premium grade because we blend a superior additive called TES 3400 in every gallon. This superior additive adds the following characteristics to your heating oil that low quality discount oil does not have:

- Bacteria Inhibitor
- Corrosion Inhibitor
- De-foamer
- Metal Deactivator
- Oxidation & Thermal Stabilizer
- Sludge Dispersant

Results are: lower maintenance, decreased no-heat calls and increased burner efficiency.
